Week 5 Term 1 22/02/2021

BE SAFE

BE RESPECTFUL

BE RESPONSIBLE

Last week our Year 5 and 6 students played their first games of softball and tee-ball for Friday Interschool Sport. In the lead up students had the opportunity to attend some training at lunchtimes as they begin to learn the rules of the game and training as a team will commence this week. It was a positive start with students showing excellent teamwork and sportsmanship. The season of softball and tee ball runs through into term 2.

This week there are forecasts of high temperatures, students will have interrupted play with regular drink breaks and rest from their normal uninterrupted play. We have also opened up the library both lunchtimes while we are experiencing high temperatures. We encourage all students to bring a water bottle to school to ensure that they are able to refill and have water with them at all times.

This week all our classes are beginning some of their monitoring and assessment tasks for their English and Maths units. This is part of our ongoing learning cycle of their building of knowledge of concepts, skills and leading into each student applying their new knowledge to complete tasks.

Each week students continue with their classroom teacher to review and check in on their progress with Gold and Silver charts. This is important as classes review each week our Be Safe, Be Respectful and Be Responsible for all our learners.

Thank you to all our families for returning forms as soon as possible that allow programs to be organised as soon as possible. For senior students who are wanting to be considered for the Instrumental Program, Mrs Holbeck is working on establishing this program every Tuesday and will commence the program as soon as instruments and assessments are completed.
